

Aunty - 4 - Consumables		
Product Code	Product Name	Description
221-1000	20 Aunty plates	20 Aunty plates with seals

Honeybun - 4 - Consumables		
Product Code	Product Name	Description
351-1001	10 Buns	Box of 10 Bun consumables. Each Bun measures up to 10 samples per run.

Lunatic - 3 - Accessory		
Product Code	Product Name	Description
701-2013	Lunatic Calibration Plate	Customer calibration plate for wavelength, position and pump calibration. For use with Lunatic.
701-2015	Little Lunatic Calibration Chips	Lunatic wavelength and position calibration chips. For use with Little Lunatic or DropSense16. (Previously product code 1-30205)
701-2027	Performance verification cuvette plate	Lunatic/Stunner cuvette plate, no cuvettes included. Holds up to 8 cuvettes. Only compatible with UV/Vis performance verification.

Lunatic - 4 - Consumables		
Product Code	Product Name	Description
701-2002	Lunatic Plates, OD 40 (Box of 10)	Box of 10 Lunatic Plates, 0.03-40 OD. For use with Lunatic, DropSense96 or DropSense96 Classic. (Previously product code 4-210096-S)
701-2005	Lunatic Plate Frame Strips, OD 40 (Box of 30)	Box of 30 Lunatic Plate Frame Strips, 0.03-40 OD. 16 sample per chip. For use only with a reusable Lunatic Plate Frame and a Lunatic, DropSense96 or DropSense96 Classic platform. (Previously product code 4-230016-S)
701-2006	Lunatic Plate Frame Strips, OD 40 (Box of 480)	Box of 480 Lunatic Plate Frame Strips, 0.03-40 OD 16 samples per chip. For use only with a reusable Lunatic Plate Frame and a Lunatic, DropSense96 or DropSense96 Classic platform. (Previously product code 4-238016-S)
701-2007	High Lunatic Chips, OD 275 (Box of 25)	Box of 25 High Lunatic Chips, 0.03-275 OD. 16 samples per chip. For use with Little Lunatic or DropSense16. (Previously product code 1-230025-200)
701-2008	High Lunatic Chips, OD 275 (12 Boxes of 25)	12 boxes of 25 High Lunatic Chips, 0.03-275 OD, 16 samples per chip. For use with Little Lunatic or DropSense16. (Previously product code 1-230300-200)
701-2009	Lunatic Chips, OD 40 (Box of 25)	Box of 25 Lunatic Chips, 0.03-40 OD. 16 samples per chip. For use with Little Lunatic or DropSense16. (Previously product code 1-230025-40)
701-2010	Lunatic Chips, OD 40 (12 Boxes of 25)	12 boxes of 25 Lunatic Chips, 0.03-40 OD. 16 samples per chip. For use with Little Lunatic or DropSense16. (Previously product code 1-230300-40)
701-2012	Lunatic/Stunner Plate Frame	Lunatic/Stunner Plate frame. Holds up to 6 Lunatic Strips. For use with Stunner, Lunatic, DropSense96 or with LabChipDS or DropletQuant systems. On Stunner: Only compatible with UV/Vis.
701-2018	Lunatic/Stunner Verification standard	Potassium Dichromate Kit (1 mL verification standard, 3 glass vials). Used as verification standard for Lunatic, Stunner (SN <901999), and DropSense platforms. (Previously product code 1-301010)
701-2019	Lunatic Plates, OD 40 (Box of 40)	Box of 40 Lunatic Plates, 0.03-40 OD. 96 samples per plate. For use with Lunatic, DropSense96 or DropSense96 Classic. (Previously product code 4-240096-S)
701-2029	The Fundamentals	Kit to verify accuracy, precision, dynamic range and linearity. (500 µl verification standards, 5 glass vials)
701-2100	High Lunatic Plates, OD 275 (Box of 10)	Box of 10 High Lunatic Plates, 0.03-275 OD. 96 samples per plate. For use with Lunatic. (Lunatic & Stunner Client v8.3 or higher)
701-2101	High Lunatic Plates, OD 275 (Box of 40)	Box of 40 High Lunatic Plates, 0.03-275 OD. 96 samples per plate. For use with Lunatic (Lunatic & Stunner Client v8.3 or higher)
701-2103	High Lunatic Plate Frame Strips, OD 275 (Box of 30)	Box of 30 High Lunatic Plate Frame Strips, 0.03-275 OD. 16 samples per chip. For use only with a reusable Lunatic Plate Frame and Lunatic (Lunatic & Stunner Client v8.3 or higher)
701-2104	High Lunatic Plate Frame Strips, OD 275 (Box of 480)	Box of 480 High Lunatic Plate Frame Strips, 0.03-275 OD. 16 samples per chip. For use only with a reusable Lunatic Plate Frame and Lunatic (Lunatic & Stunner Client v8.3 or higher)

Stunner - 3 - Accessory		
Product Code	Product Name	Description
701-2032	Stunner Calibration Kit	Customer calibration plate for wavelength, position, and pump calibration, and verification standard for RADLS (250 µL, 1 vial).

Stunner - 4 - Consumables		
Product Code	Product Name	Description
701-2012	Lunatic/Stunner Plate Frame	Lunatic/Stunner Plate frame. Holds up to 6 Lunatic Strips. For use with Stunner, Lunatic, DropSense96 or with LabChipDS or DropletQuant systems. On Stunner: Only compatible with UV/Vis.
701-2018	Lunatic/Stunner Verification standard	Potassium Dichromate Kit (1 mL verification standard, 3 glass vials). Used as verification standard for Lunatic, Stunner (SN <901999), and DropSense platforms. (Previously product code 1-301010)
701-2024	Stunner Calibration Standard for DLS	DLS calibration standard (250 µL, 1 vial). Used as calibration standard in Stunner platforms with a serial number <901999.
701-2030	Stunner verification standard for RADLS	Used as size and intensity verification standard for Stunner. (1 vial, 250 µL)
701-2031	Stunner Calibration Plate	Stunner calibration plate for wavelength, position and pump calibration.
701-2122	Stunner Plates, Box of 40	Box of 40 Stunner Plates, with DLS capability and OD range 0.03-275. 96 samples per plate. (Lunatic & Stunner Client v8.3 or higher)
701-2125	Stunner Plates, Box of 10	Box of 10 Stunner Plates, with DLS capability and OD range 0.03-275. 96 samples per plate. (Lunatic & Stunner Client v8.3 or higher)
701-2128	Stunner Plate Frame strips, OD 275, UV/Vis only	Box of 30 Stunner Plate Frame Strips, 0.03-275 OD. 16 samples per chip. For use only for UV/Vis Experiments with reusable Stunner Plate Frame and Stunner platforms. Not compatible with DLS experiments. (Lunatic & Stunner Client v8.3 or higher)

Unagi - 4 - Consumables		
Product Code	Product Name	Description
901-2001	Una RC, 10 kDa MWCO, case of 40	Una consumable for Unagi instrument, 0.5 - 8 mL capacity. MWCO: 10kDa, regenerated cellulose (RC). 8 Unas per box, 5 boxes, case total of 40.
901-2002	Una RC, 30 kDa MWCO, case of 40	Una consumable for Unagi instrument, 0.5 - 8 mL capacity. MWCO: 30kDa, regenerated cellulose (RC). 8 Unas per box, 5 boxes, case total of 40.
901-2003	Una RC, 100 kDa MWCO, case of 40	Una consumable for Unagi instrument, 0.5 - 8 mL capacity. MWCO: 100kDa, regenerated cellulose (RC). 8 Unas per box, 5 boxes, case total of 40.
901-2004	Una PES, 30 kDa MWCO, case of 40	Una consumable for Unagi instrument, 0.5 - 8 mL capacity. MWCO: 30kDa, polyethersulfone (PES). 8 Unas per box, 5 boxes, case total of 40.
901-2005	Una PES, 100 kDa MWCO, case of 40	Una consumable for Unagi instrument, 0.5 - 8 mL capacity. MWCO: 100kDa, polyethersulfone (PES). 8 Unas per box, 5 boxes, case total of 40.
901-2011	Una RC, 10 kDa MWCO, case of 200	Una consumable for Unagi instrument, 0.5 - 8 mL capacity. MWCO: 10kDa, regenerated cellulose (RC). 8 Unas per box, 25 boxes, case total of 200.
901-2012	Una RC, 30 kDa MWCO, case of 200	Una consumable for Unagi instrument, 0.5 - 8 mL capacity. MWCO: 30kDa, regenerated cellulose (RC). 8 Unas per box, 25 boxes, case total of 200.
901-2013	Una RC, 100 kDa MWCO, case of 200	Una consumable for Unagi instrument, 0.5 - 8 mL capacity. MWCO: 100kDa, regenerated cellulose (RC). 8 Unas per box, 25 boxes, case total of 200.
901-2014	Una PES, 30 kDa MWCO, case of 200	Una consumable for Unagi instrument, 0.5 - 8 mL capacity. MWCO: 30kDa, polyethersulfone (PES). 8 Unas per box, 25 boxes, case total of 200.
901-2015	Una PES, 100 kDa MWCO, case of 200	Una consumable for Unagi instrument, 0.5 - 8 mL capacity. MWCO: 100kDa, polyethersulfone (PES). 8 Unas per box, 25 boxes, case total of 200.
901-2020	Falcon Tubes	Buffer and sample Falcon brand tubes for Unagi instrument, 50mL capacity, case of 500.
901-2031	Unagi 1mL pipette tips, 100 tip racks	1mL consumable pipette tips for Unagi instrument, clear. 100 tip racks, 9600 total tips.

Uncle - 3 - Accessory		
Product Code	Product Name	Description
201-1014	Uni Filling Tool	Uni Filling Tool for easy filling of Unis when using a 16 channel pipette (pipette not included).

Uncle - 4 - Consumables		
Product Code	Product Name	Description
201-1007	10 Unis	Box of 10 Unis consisting of 16 x 9 µL micro cuvettes. Includes silicone seals.
201-1008	30 Unis	Box of 30 Unis consisting of 16 x 9 µL micro cuvettes. Includes silicone seals.
201-1009	60 Unis	Box of 60 Unis consisting of 16 x 9 µL micro cuvettes. Includes silicone seals.
201-1010	120 Unis	Box of 120 Unis consisting of 16 x 9 µL micro cuvettes. Includes silicone seals.
201-1011	Uni Starter Pack	Starter pack contains 10 Unis, 20 silicone seals, 1 Uni Filling Tool, and 3 Uni Frames.
201-1012	3 Uni Frames	Box of 3 Uni frames. One frame required per Uni to secure and seal micro cuvettes during use. Required for use with Unis in Uncle and Unit.
201-1013	60 silicone seals	Pack of 60 silicone seals for use with Uni frames.
201-1020	Uncle Calibration Standard for DLS	DLS calibration standard (500 µL, 1 vial)
201-1030	Coolant Refill	700 mL Coolant refill for coolant reservoir
